Assistance

Issue realised in collaboration with:
Prof. Yao-Chien Alex Chang, ISHS Board Member Responsible for Publications
Mr. Jelle Ollivier, ISHS coordinator, Leuven, Belgium

Editorial Board

Associate Editors

Dr. Thomas Wöhner (Germany) – *Breeding and Genetic Resources; Plant Protection and Plant Nutrition; Storage Technologies, including Postharvest Disorders*
Prof. Dr. Traud Winkelmann (Germany) – *Breeding and Genetic Resources; Clonal (Micro)Propagation and Seed Physiology*
Prof. Dr. Yuksel Tuzel (Turkey) – *Cropping Systems, Including Crop Management Practices; Urban Horticulture/protected Cultivation*
Prof. Dr. Kexuan Tang (China) – *Ornamental Plants*
Dr. Silvia Sabbadini (Italy) – *Breeding and Genetic Resources; Clonal (Micro)Propagation and Seed Physiology; Plant Protection and Plant Nutrition*
Dr. Meike Rombach (New Zealand) – *Marketing/Economics; Education and Consultancy; Consumer Sciences*
Dr. Francisco Pérez-Alfocea (Spain) – *Vegetables, Roots and Tubers*
Prof. Dr. Daniel I. Leskovar (United States) – *Vegetables, Roots and Tubers*
Mrs. Marike Isaak (Germany) – *Marketing/Economics; Education and Consultancy; Consumer Sciences*
Prof. Dr. Paolo Inglese (Italy) – *Cropping Systems, including Crop Management Practices; Plant/Fruit Growth and Development, including Interactions with Environments and Organisms; Irrigation and Plant Water Relation; Fruit Ripening and Product Quality*
Dr. Michael Helmut Hagemann (Germany) – *Breeding and Genetic Resources; Clonal (Micro)Propagation and Seed Physiology; Cropping Systems, including Crop Management Practices; Plant/Fruit Growth and Development, including Interactions with Environments and Organisms; Plant Protection and Plant Nutrition; Irrigation and Plant Water Relation; Whole Plant Physiology and Source/Sink Relation; Fruit Ripening and Product Quality; Storage Technologies, including Postharvest Disorders*
Dr. Evelyne Costes (France) – *Physiology and Plant-Environment Interactions of Horticultural Crops in Field Systems* Prof.
Dr. Luca Corelli-Grappadelli (Italy) – *Temperate Tree Fruits*
Prof. Dr. Peter J. Batt (Australia) – *Horticulture for Development*
Prof. Dr. Nazim Gruda (Germany) – *Cropping Systems, Including Crop Management Practices*
