ISHS Individual Membership for Professionals

Committed to a Better World Through Horticulture

Horticulture is essential to our lives, influencing food, nutrition, health, and well-being. ISHS is a non-profit independent and scientific society that promotes the exchange of horticultural knowledge, research and applied solutions to a world wide audience.

Our Method:

ISHS brings together people, ideas, research and experimental results, to enhance the positive impact of sustainable, science-based innovation in horticulture.

Our Objective:

ISHS aims to collaboratively develop solutions that empower horticulturists to address sustainability, climate change, health and well-being and the adoption of technology.

Our Commitment:

Since its inception, ISHS has upheld an international vision, supporting horticultural research and facilitating the adoption of new technologies world wide. We connect horticultural scientists and practitioners and promote sustainable lives and livelihoods. We connect horticultural scientists and practitioners and the industry, and we promote sustainable livelihoods.

Our Community:

ISHS fosters a diverse, multi-skilled, multi-disciplinary and multi-national community. We enable connections that enrich and amplify your work, creating value and impacting the world positively.

Our Network:

ISHS brings people and ideas together to shape the future of horticulture. Inspired by the search for solutions connected to practice, ISHS serves as a point of entry to a dynamic international network.

JOIN ISHS TO BE PART OF A GREATER ENDEAVOUR, MAKING A POSITIVE IMPACT ON THE WORLD TOGETHER.

International Society for Horticultural Science Membership for Professionals

Growing together!

An ISHS individual membership for professionals unlocks a world of opportunities in horticultural innovation. Whether you are an existing member, or looking to join us for the first time, our expert international community facilitates multidisciplinary collaborations leading to innovative solutions for your strategic challenges.

As a scientist, extensionist, horticulturist or expert in a related field, and if you're passionate about innovation in sustainable horticulture, you'll enjoy numerous membership benefits:

› Global networking and collaboration

Prestigious partnerships! Exchange with leaders in horticulture across the globe and expand your visibility and credibility within the international scientific community, to help drive and focus your own innovation and sustainability targets.

› Symposia and publishing

Be seen and heard! Participate in ISHS congresses and symposia world wide and gain recognition for your professional activity. Showcase your research in ISHS publications, including the refereed *Acta Horticulturae* series and peer-reviewed journal eJHS, ensuring your work reaches an informed global audience.

› Career support

Stronger together! Become part of a vibrant community of ambitious like-minded professionals across disciplines, bridging the gap between science and industry, supporting Young Minds and facilitating sustainable innovation in horticulture.

Join ISHS today and help shape a more sustainable and impactful future in horticulture. We look forward to welcoming you.

My ISHS membership has been invaluable for my professional life and career as an applied, impact-oriented scientist. It has allowed me to connect with a motivated global horticultural community dedicated to research and innovation and to take a number of leadership roles. ISHS is not an elitist society, but rather a society that connects world-class scientists with extensionists and local practitioners while offering unique citable publication opportunities.
