ISHS Individual Membership for Students or Early-Career Professionals

Committed to a Better World Through Horticulture

Horticulture is essential to our lives, influencing food, nutrition, health, and well-being. ISHS is a non-profit independent and scientific society that promotes the exchange of horticultural knowledge, research and applied solutions to a world wide audience.

Our Method:

ISHS brings together people, ideas, research and experimental results, to enhance the positive impact of sustainable, science-based innovation in horticulture.

Our Objective:

ISHS aims to collaboratively develop solutions that empower horticulturists to address sustainability, climate change, health and well-being and the adoption of technology.

Our Commitment:

Since its inception, ISHS has upheld an international vision, supporting horticultural research and facilitating the adoption of new technologies world wide. We connect horticultural scientists and practitioners and promote sustainable lives and livelihoods. We connect horticultural scientists and practitioners and the industry, and we promote sustainable livelihoods.

Our Community:

ISHS fosters a diverse, multi-skilled, multi-disciplinary and multi-national community. We enable connections that enrich and amplify your work, creating value and impacting the world positively.

Our Network:

ISHS brings people and ideas together to shape the future of horticulture. Inspired by the search for solutions connected to practice, ISHS serves as a point of entry to a dynamic international network.

JOIN ISHS TO BE PART OF A GREATER ENDEAVOUR, MAKING A POSITIVE IMPACT ON THE WORLD TOGETHER.

International Society for Horticultural Science Membership for Students or Early-Career Professionals

Cultivate your career!

An ISHS individual membership for students or early-career professionals gives you unique access to career opportunities and support. Whether you are a student (*undergraduate and graduate < 28 years*) or an early-career professional (*< 10 years professional experience after terminal degree, < 40 years*) looking to further your career, ISHS is here to accompany and support you.

As a student or early-career professional, by joining the largest global horticultural network, you'll enjoy numerous membership benefits:

› Professional development

Unique resources! Join as a student member and gain access to an extensive range of materials designed to optimise your future success. Early-career professional membership offers personalized mentoring, giving you invaluable feedback and support in your chosen field. Our global Young Minds Committee and support programs give you access to a vibrant community with recognition and leadership opportunities.

› Global alliances

Working together! Connect and collaborate globally with partners across diverse disciplines. Enhance your career opportunities and make targeted contacts drawing on the ISHS membership directory and partnering opportunities at symposia and online exchanges.

› Specialised content

Stay connected! Receive industry updates through our newsletters and publications, participate in expert-led webinars and access thousands of full text articles. Enjoy privileged access to the world of horticultural science to help you in your career progression.

Join ISHS today and help shape a more sustainable and impactful future in horticulture. We look forward to welcoming you.

JOIN HERE

As an early-career professional who is heavily involved in ISHS, I have benefited greatly from expanding my network of scientists much faster than if I did so independently of the organization. I've developed connections with NGO's and international organizations that will be career-long. This has set me up for success in the tenure process of my position and in my standing as a researcher.

Melinda Knuth
Assistant Professor at North Carolina State University
Horticultural Science

*5% discount offered for individual membership renewals ahead of expiry date or 10% discount for multi-year membership renewals or new members signing up for more than 1 year.
